Experiences and Results:

Neuropathy and Edema

I love my **Amethyst BioMat**. I sleep on it all night.

One hour at top red and then the rest of the night at one yellow. It has made HUGE changes in my health. I have VERY PAINFUL neuropathy and it is now barely noticeable. I also had extremely bad edema in my feet and ankles. Even with elevating them all night they would still be swollen every morning and would just get worse every day. Now - I wake up with my bones sticking out - like every other person. By the end of the day I may have some swelling but nothing like it used to be. I also have both hips replaced and a triple back fusion. The BioMat makes a HUGE difference in my pain level - Pain free. LOVE IT.

Edema and Kidney

My experience with the BioMat has been life altering. I was having health challenges – edema and kidney problems. I was on a water pill called Aldectone with numerous dangerous side effects. Within a month of using the BioMat, I weaned myself off of the medication and have not had any symptoms of edema again. My body has corrected this imbalance via far infrared and negative ions. I feel blessed for having found the BioMat and getting off of a dangerous pharmaceutical drug.

Knee Problems

"According to orthopedic surgeon, Dr. Jaffe my right knee was the condition of an 80-year old with severe arthritis. 23 years post triple knee reconstruction surgery, I was facing the possibility of a fourth operation. After 2 weeks daily on the BioMat, my pain disappeared by 95%, avoiding a total knee replacement operation."

Thoracic Spine

"For many years chiropractors have not been able to adjust my thoracic spine by their usual means. My thoracic spine was 'frozen'. After three months of daily use of the BioMat I went to the chiropractor who easily made three adjustments to my thoracic spine. This is a miracle in my mind."

Back pain, Insomnia, Sinus

I've been suffering from numerous ailments for many years. Some of my problems were sleeping and insomnia, sinus, tonsillitis, leg cramps, arthritis (especially a swollen right knee), and hair thinning. I was worried of going bald! Sometimes daily, I would suffer with severe headaches, coughing and right shoulder pain. Numerous times I visited specialty doctors and massage therapists. I ended up spending a lot of time and money, and I never got better.

One day in June, my friend Ben introduced me to RichWay International. He explained to me about the Bio-Mat and asked me to try it. After I laid down for about 30 minutes, my back pain was relieved. I have been using the Bio-Mat for one good month now and all of my symptoms are alleviated. I have good sleep and my sinus problems are gone. My blood pressure is normal and my hair has stopped falling out also.

I appreciate very much for using the Bio-Mat. I would like to help others to use the fantastic Bio-Mat."

Psoriasis

I am sleeping on my mini mat every night for a month and my psoriasis is greatly improved. *Peggy, Ontario*

Detoxification

*Over the past 6 months I have experienced for myself the power of the mat to detoxify the body. As the core heats up {this is called hyperthermia} it has released deep A toxins locked in the tissue that I accumulated over the last four years of working with petrol chemicals used in restoring an old wooden boat I could literally smell these chemicals coming out of the pores of my skin. One must be aware a key factor in the elimination of toxins from the body is the power of this technology to assist the body with the alkalizing of the inner terrain .As a side benefit I have experienced deep relaxation and increased vitality! *James F. BC**

Hand : Joint Stiffness and Pain

*I had a stiff hand. For 6 months the bones were stiff and would not open up - two chiropractors tried unsuccessfully to fix it. Two Biomat sessions succeeded and gave me full range of motion once again - no more soreness! Previously I couldn't put any weight on it without pain. *Taina K. Victoria, BC Canada**

Body Pain and COPD

“Until I first tried the BioMat in November, 2005, I relied on physical therapy and analgesics to control the pain I endured from multiple injuries I suffered over 25 years as an Ironworker. I was unable to move my head from side to side without turning my upper body. Every joint in my body ached.

My sister had given me the BioMat and Alkal-life Water unit to use in September, 2005, but I was skeptical. She finally convinced me to try the mat for my pain for a week and report to her. Each day I seemed to be getting better. I started slow and easy, as she recommended and at the end of the week I was doing an hour daily on the red setting. After a few days of this, I noticed that every injury I had suffered while working iron surfaced, then gradually disappeared.

I also suffer from COPD and use oxygen tanks daily. The BioMat seemed to help my breathing.

After the first week, I decided to hook up the Alkal-life water unit. I began with an 8.5 ph. Instantly, I felt my brain clear. I guess I was getting more oxygen. I have been using the BioMat a few times a week and drinking alkaline water daily. I am now pain free (I no longer need physical therapy and analgesics). I have more energy. I still require oxygen occasionally when I over exert myself.

I used to feel “disabled” and useless. My life is now fuller than I imagined it could ever be at my age. The BioMat and Alkal-life Water System have greatly improved my life.” *T. Traversie of Ridgeview, SD*

Diabetes and High Blood Pressure

My friend Ariel’s mother who is in her late seventies has gone through a transformation since using her Amethyst BioMat and drinking the Alka Life Water. Not only does she look very different but her medical results are showing dramatic changes for the better. She has been on medication for 5+ years for diabetes and high blood pressure. After 3 months, she has been able to reduce her diabetes medication from four pills daily to 1 pill and her blood pressure is now completely normal so she is off that medication. Her legs which had been swollen like tree trunks for the past eight years have returned to their normal size. She has reduced her weight by 15 lbs without changing her diet. Her Naturopathic Dr was so impressed by the results and the scientific research about far infrared and negative ion therapy that he has decided to become a distributor and introduce the products to colleagues in Germany.

Brain Tumor

Arthur L. Valbuena

My name is Arthur Valbuena and I would like to share the unbelievable experiences I've made with the Bio mat.

For the past two years, I have been experiencing severe headaches and dizziness and being rushed to the emergency room numerous times due to blackouts. I've consulted with many doctors and tried all medications that would possibly help my physical trauma.

I was introduced to the Bio Mat and the Richway Water Ionizer from my cousin Tessie in August 2005. She advised and recommended that I use the product. I was skeptical about the product and never utilized it until February 2007, when I was diagnosed with a brain tumor and scheduled for surgery in April 2007.

After using the Bio Mat for 2 months the cloudy mist and tumor has disappeared and my headaches and dizziness was gone, as well. I feel more energetic and active as I was before. As of today, the Bio Mat is my healing tool for all types of ailments.

For the promoters and producers who designed the Bio Mat, I salute you!!

I thank our Gracious Lord above daily for being introduced to this amazing product from my cousin Tessie Diga who continues her undying mission to help people with the Bio Mat. I strongly recommend this product to everyone with health ailments.

Prostrate Cancer

Aloha Mr. and Mrs. Kim

Again I am writing to you out of gratitude. Not only did you help save my life once with your water ionizer, but again with your Amethyst Bio-Mat. As I stated in a previous testimony, about the results I received from drinking the Alkaline water, I was able to cut my insulin intake by 75% my blood pressure medicine was cut in half and my health restored to the point that people would stop me and comment on how good I looked I had color in my skin again some people even questioned if I had plastic surgery. That was back in 2002.

Today I am writing to let you know how beneficial your Bio-Mat has been to me. In March 2004 I was diagnosed with Prostate cancer. I had no symptoms I had normal PSA blood levels. Yet after having a biopsy performed at Queens Hospital it showed I had a stage 4 tumor and a Gleason score of 8 (This is how they grade prostate tumors) the only thing worse would have been a score of 9. I had to have a radical prostatectomy, this was done in September 04 at Tripler Army Hospital where they removed my prostate, unfortunately they weren't able to get all the cancer, the Dr's never set the margins wide enough, so I was left

with basically more Cancer in me then they removed. In March of 2005 I was given a Terminal Diagnosis they said I had 18 Months to live.

I had shared this information with my friends at Richway. They informed me of one of their newer Products the Amethyst Crystal Bio-Mat. which produces negative Ions and also with a combination of heat Infrared Waves that can penetrate the Body 6~7 Inches.

What I found to be so amazing I had just watched a TV special about Stanford University and Harvard University Co-Sponsoring a study which uses Infrared Rays to treat Cancer rather then the conventional radiation. Scientific studies show a Cancer Cell will die at 113' Fahrenheit while normal cells will actually rejuvenate at this Temperature.

I purchased a Professional size Bio-mat, as I left the building I bumped into my old Doctor who new all about my drinking the Ionized water and actually followed my progress for 6 Months while drinking the water. He was amazed at the results.

When he asked what I was carrying? I told him about Bio-Mat and the possibilities it had of helping with my Cancer. He told me I did the right thing and wished me luck.

I used the Bio-Mat for 6 Months on a regular basis. According to the Dr's my expiration date was September 06, Today I am sitting here writing this Letter alive and well. I saw my Cancer levels drop to an undetectable level after only 3 Months. I saw my Dr. on Friday June 22, 07. He told me I am a Miracle my levels have dropped to a point where my Cancer is basically gone.

Colon Cancer

A Year ago I had a Friend who was diagnosed with terminal Colon Cancer. He was a good size Man 215lbs I visited him in the Hospital he was down to 120~130lbs . He went thru Chemotherapy, he was very sick. I called him and told him about my results with the bio-mat and asked if he would like to give it a try? Six Months later I saw him he was 190lbs his Cancer had gone into Remission.

Prostrate Cancer

4 Months ago a dear Friend of mine had been Diagnosed with the same type of Prostate Cancer as mine. He underwent surgery; His Dr.s had a long regiment of after treatments for him including Hormone Therapy, Radiation, and Chemotherapy. I cringed when he told me Radiation and Chemotherapy as the Treatment often has worse side effects then the Disease.

I lent him my Bio-Mat and also set him up with the Alkaline Water.

So far so good he says he has never felt better in his life.

So for the second time I thank you Mr. and Mrs. Kim for providing Products that save peoples lives, and restores hope to the lives of others and their loved ones. I know your Products work I am living Proof.

I would be more then happy to provide more detailed information to any of your Potential Customers.

Please give them my Name, Address and Phone Number

Sincerely

Acupuncture

I have found that by using the Amethyst Professional Bio Mat in my sessions with clients that the treatments are far more efficient and deeper states of receptivity to the treatments are experienced by my clients.

Shiatsu and Acupuncture

"The **Amethyst Professional Bio Mat** is truly a marvel, & an answer to my prayers for assistance in healing others & myself. One of the branches of Asian medicine I use, Zen Shiatsu, was unsurpassed in my practice until adding the Biomat to my healing tools. Now a dimension of treatment that goes even deeper & holds longer, with the additional modality of the Biomat, is being experienced. From my observations this is also true with acupuncture treatments performed on the Biomat – the experience is just incomparable! And, since these deep states of relaxation leading to healing are attainable with the Biomat alone, this can mean that often less (if any other) intervention is required, thus more freedom to focus on only the treatments that are most needed. I love this minimalist, less-is-more way of working & the Biomat makes it so much easier & more effective."

Hypnotherapy

It is amazing to notice that once my clients have finished the pre session talk about the changes they would like to make and then they lie on the mat, the healing process is almost immediately complete. They go into such a deep relaxed state within 5 minutes it is easy for them to access the subconscious mind something that used to take up to 20 min. in a session. It is like lying in Heaven, as the Amethyst moves the energy up through the higher chakras putting them into the Delta healing state. Jenn uses it with all her massage treatments and I use it with my hypnotherapy clients. Personally, I love the mat as much, if not more than the day you first brought it here.

Bev Miller, Counselor, Hypnotherapist, Yoga Instructor, Victoria, BC Canada

Yoga

"I have been using the **Mini-BioMat** when I practice Restorative Yoga Postures in a reclining position - ie., Supta Baddha Konasana, Legs Up the Wall & Savasana; also, I am finding it to be useful for Pelvic Tilts, gentle Bridge, even Shoulderstand & Plough. Sometimes, I turn over onto my belly as it is cooling down & I am finding it to be very soothing - especially for Manipura Chakra.

Often, I sit on the mat & meditate & chant after Relaxation. It seems that the chants vibrate more clearly through me when I sit on the BioMat. Sometimes, I just use it plain & simple - for healing & relaxation. Thank you so much."

Ginny Williamson, Lithe & Easy Yoga ~ Port Charlotte, FL

Massage

Hi I am Joyce Carrington, LMT my experience with the BioMat was to get a free session on the mat at a massage therapist's office. I immediately felt the tingling in my right elbow where I had been suffering with tendonitis for the past few years and the deep sense of relaxation. When I got up all the pain in my elbow was gone. I then went to a client's home to perform a massage and she commented that my hands were very hot, confirming that the treatment was continuing. I have been relieved of pain since receiving my mat and have placed them with several clients who have been helped with their complaints as well.

Pain Clinic

I've just returned from a 10 day residential stay at the Victoria Pain Clinic. I am slowly getting back on track. It was quite an extraordinary experience. While there I was able to borrow a Pro Bio-Mat for a few days so that clients and staff could have an opportunity to try it. Everyone loved it and it was always in use. So far I've received 3 testimonials, included below, and I'm expecting a few more and will forward them when received.

I loved the Bio-Mat; the warmth permeated my whole body and gave me the energy to get up and go again! Tracy Mercer Rossland, BC

My report of the Amethyst Bio-Mat was incredible warmth and energy (I went out walking in the surf for 45 min) and openness (also my angel card) (so there was overlap with other spiritual events/realities). And you can quote as much of that as you want to. I believe it could be used as another tool to unblock our energetic stuck ness. Dr. Kathy Jans, Arizona

Laying on the mat gave me a great deal of comfort....I feel relaxed...Walking on clouds....Amazing experience...The mat brought calm, relaxation and good feeling....I will recommend it to everyone....Try it once and you will not regret it...Thank you! Carmen Tomescu Vancouver, BC

As for me, I love it too. It was a wonderful tool to have access to at the Pain Clinic. I found that it gave me energy to get through day; short sessions (10-15 min.) on High Gold setting boosted my energy and eased the pain so that I was able to be present in class. It gives me hope for my future.
